

## Integrated Modelling Program for Canada

### Second Annual General Meeting

June 12-13, 2019

Louis' Loft, Saskatoon, SK

This is the second annual general meeting for the Integrated Modelling Program for Canada (IMPC) team to present, evaluate, and discuss their research progress and strategies for knowledge mobilization in the second year of the research program.

This discussion will be in collaboration with the Global Water Futures Core Modelling team.

Investigators, highly qualified personnel, collaborators, and representatives of various local, provincial, and national stakeholders are all invited to attend this meeting.
